

# Raynham Science Principles

At Raynham we apply our scientific skills in all areas of the curriculum and we ...

reflect

engage &  
have fun

make science  
memorable

use scientific  
skills and  
methods

challenge

raise  
questions  
and discover  
the answers

solve  
problems and  
investigate  
together

use  
scientific  
vocabulary

share our  
learning  
with others

Take our  
learning  
outdoors and  
use resources

explore  
the world  
around us

link our  
learning to  
real-life  
experiences
